EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Adrian Battison on 12/6/04.

The application has been amended as follows:

Claim 8, line 1, "at the blades" was deleted.

Specification, page 7, line 20, "a actual" was replaced with --an actual--.

Specification, page 9, line 23, "form" was replaced with --from--.

Specification, page 10, line 15, "However the" was deleted.

Specification, page 10, line 17, "there" was replaced with --their--.

2. The following is an examiner's statement of reasons for allowance: The independent claim 1, requires that top and bottom sickles move between two adjacent fixed knife guards, that the sickles don't move in a 180 degree phase differences and that blades on the sickles cooperates with side surfaces of the knife guard in a cutting action. The combination of these limitations is not found in the prior art of record.

The closes available prior art of record is Hart, 680,247 and Hill 3,017,736. Hart discloses a double sickle mower. The bottom sickles does not reciprocate in a 180 degree phase difference with the top sickles and the cutter has fixed knife guards. However, only the top sickle

Art Unit: 3671

reciprocates between adjacent fixed knife guards, while the bottom sickle only reciprocates one third of the distance between the fixed knife guards. This causes structure causes the cutting action to occur between the blades and not between the blade and the fixed knife guards as in the present invention.

Hill discloses a double sickle mower with fixed knife guards and the bottom and top sickle reciprocating between adjacent fixed knife guards. However, the sickles reciprocated in a 180 degree phase difference. This again causes the cutting action to occur between the blades on the sickle and not between the sickle and the knife guard.

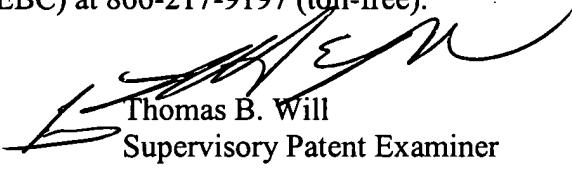

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Meredith C Petrvick whose telephone number is 703-305-0047. The examiner can normally be reached on M-T 8:00 a.m.- 5:00 p.m..
